## **1. INTRODUCTION**

### **1.1. Purpose**

- a.) The CISM Competition Rules are a blueprint of the International Triathlon Union Competition Rules;
- b.) The CISM Competition Rules specify the conduct and behaviour of competitors during CISM competitions. Where the CISM Competition Rules do not specify, the ITU Competition Rules will apply. Where the Competition Rules of the ITU do not specify, the rules of FINA, UCI, FIS and IAAF will apply in their specific segment;
- c.) The CISM Event Manual sets safety and logistical standards for Host Nation (HN) and to the Local Organizing Committee (LOC);
- d.) The CSC Triathlon certifies CISM Technical Officials;
- e.) Authority to sanction and enforce Competition Rules at CISM events is retained exclusively by CISM. The event must be planned and structured to be safe and fair.

### **1.2. Intention**

- a.) The CISM Competition Rules are intended to:
  - (i) Create an atmosphere of sportsmanship, equality, and fair play;
  - (ii) Provide safety and protection;
  - (iii) Emphasize ingenuity and skill without unduly limiting the competitor's freedom of action;
  - (iv) Penalize competitors who gain an unfair advantage;
  - (v) Endorse the principle that Triathlon is an individual sports and encourage individual performance and initiative.
- b.) Definitions of all terms used in these Competition Rules are provided at Appendix D. Any difficulty in the interpretation or application of these Rules should be referred to the CSC without delay.

### **1.3. Modifications**

- a.) The competitor must not be permitted an advantage not intended by a rule. To implement this, many of the rules are in general terms. This eliminates a multiplicity of rules and provides officials with authority to adapt the rules to fit conditions. Officials base their judgment on whether an advantage, not intended by the rules, has been gained;
- b.) CISM Competition Rules will be applicable to all CISM competitions.

#### **1.4. Exceptions**

- a.) These CISM Competition Rules will be applicable to all CISM events and are to be implemented by its appointed Technical Delegate as appropriate. Where the CISM Competition Rules conflict with the laws of the jurisdiction in which the event is to be held, those laws will override the CISM Competition Rules to the extent of the inconsistency, and athletes must be notified of the implications of these laws as early as possible and not later than prior to the start of the event. Exceptions for special circumstances in a particular event may only be gained from CISM with prior approval. A request for an exception to these Rules must be made in writing to the CSC through the Nation to whom the application has been submitted or is being submitted.

#### **1.5. Specific Regulations**

- a.) The CSC Triathlon may approve the addition of special rules for a particular race, provided that:
  - (i) Each additional special rule does not conflict with another CISM Competition Rule;
  - (ii) Each additional special rule is made available in written form and is announced to the participants before the event;
  - (iii) Each additional special rule and the reasons for its inclusion are advised to the CSC before the day on which the event is to be conducted. The CSC may invalidate the incorporation of an additional special rule only on the authority of the CISM Executive Board.

#### **1.6. Unauthorized Exceptions or Additions**

- a.) The unauthorized exception to or addition of a Competition Rule will prevent an event from being sanctioned and will invalidate a sanction, which has already been granted to an event. This could result in legal complications, particularly in the case of accidents during the event and in subsequent requests for approval from national and/or municipal authorities to use roads and waterways. Insurance authorities have also warned that claims made under such circumstances may be considered invalid.

#### **1.7. Rule Updates**

- a.) These Competition Rules may be changed from time to time by the CSC in its absolute discretion, under the direction of the CISM. Any such rule change(s) shall be advised in writing to the affiliated Nations at least 14 days before it is to take effect. Updated CISM Competition Rules will be posted on the CISM website

## **2. CONDUCT OF ATHLETES**

### **2.1. General Conduct:**

- a.) Triathlon and ITU's other related multisports involve many athletes. Race tactics are part of the interaction between athletes.
- b.) Athletes will:
  - (i) Practice good sportsmanship at all times;
  - (ii) Be responsible for their own safety and the safety of others;
  - (iii) Know, understand and follow the CISM Competition Rules, available from their NFs and on the CISM website.
  - (iv) Obey traffic regulations and instructions from race officials;
  - (v) Treat other athletes, officials, volunteers, and spectators with respect and courtesy;
  - (vi) Avoid the use of abusive language;
  - (vii) Inform a Technical Official after withdrawing from the race.

### **2.2. Drug Abuse:**

- a.) Athletes will follow the CISM Anti-Doping Rules;
- b.) All athletes are responsible for familiarising themselves with the CISM Anti-Doping Rules including medical control tests, testing obligations and procedures, penalties and appeal processes, and forbidden substances;
- c.) CISM has implemented the CISM Anti-Doping Rules and abides by rules set by the World Anti-Doping Agency (WADA) Code.

### **2.3. Health:**

- a.) Triathlons and ITU's other related multisports are strenuous. To be able to compete, athletes should be in excellent physical condition. Their health and welfare is of paramount importance. By starting in a race, the athletes declare they are in good health and are in appropriate physical condition to complete the race;
- b.) Time limits for the swim leg, bike leg and overall finish time will be established for each competition by the CSC. These limits must be published in the pre-event registration material.
- c.) CISM encourages athletes to perform periodic health evaluation (PHE)

- a.) Failure to comply with the CISM Competition Rules may result in an athlete being warned (verbally or given a “stop and go” time penalty), disqualified, suspended, or expelled;
- b.) The nature of the rule violation will determine the resulting penalty.
- c.) A suspension or an expulsion should be very rare, but will occur with very serious violations of either the CISM Competition Rules or the CISM Anti-Doping Rules.
- d.) Reasons for Penalty: An athlete may be issued a warning (verbal or a “stop and go” time penalty) or disqualified for failing to abide by the CISM Competition Rules. All the infringements and penalties are listed in Appendix F.
- e.) The Technical Officials are allowed to assess penalties, even if the infringement is not listed, if the Technical Official deems an unfair advantage has been gained, or if a dangerous situation has been created intentionally.

#### **3.2. Warnings:**

- a.) May be with or without time penalty (see Appendix F for the list of infringements and penalties)
- b.) It is not necessary for a Technical Official to give a warning prior to issuing a more serious penalty;
- c.) The purpose of a warning is to alert an athlete about a possible rule violation and to promote a "proactive" attitude on the part of officials. A time penalty is appropriate for minor infringements;
- d.) Time penalties will be served in a designated Penalty Box or in the Transition Area.
- e.) Giving a Warning:
  - (i) A warning will be given at the discretion of the Technical Official. If time and conditions permit, a Technical Official will assess a warning by:
    - (a) Sounding a whistle or horn; showing a yellow card;
    - (b) Calling (in English) the athlete's number and saying “Time Penalty”(if appropriate).
    - (c) For safety reasons, a Technical Official may have to delay issuing a warning.
  - (ii) Alternatively the athletes may be informed about the penalties by displaying the athlete’s number on a panel posted at the entrance of the penalty box. It is the athlete’s responsibility to check this board.

- f.) A warning may be given when:
  - (i) An athlete violates a rule unintentionally;
  - (ii) A Technical Official believes a violation is about to occur;
  - (iii) No advantage has been gained.
- g.) Procedure during serving a time penalty;
  - (i) When given a yellow card, the athlete will follow the instructions of the Technical Official.
- h.) Time Penalty in Transition
  - (i) The Technical Official will hold a yellow card as the penalized athlete arrives at his/her position. The athlete will be ordered to stop in his/her transition space without touching any equipment.
  - (ii) Once the athlete stops, the Technical Official starts to time the penalty.
  - (iii) When the penalty time is completed, the Technical Official will say "Go" and the athlete can continue with the race.
- i.) Time Penalty at the Bike Penalty Box:
  - (i) The athlete will be told by the Technical Official to enter the next Penalty Box and follow the instructions of the Technical Official there. It is the athlete's responsibility to report.
  - (ii) The penalised athletes will proceed into the Penalty Box and inform the Technical Official of their identity. The time penalty starts when the athlete enters the Penalty Box. At the end of the penalty time, the Technical Official will say "Go" and the athlete can continue with the race.
- j.) Time Penalty at the Run Penalty Box:
  - (i) The penalised athletes' numbers will be clearly displayed on a board before the Penalty Box;
  - (ii) The penalised athletes will proceed into the Penalty Box and will inform the Technical Official of their identity. The penalty time starts when the athlete enters the Penalty Box. At the end of the penalty time, the Technical Official will allow the athlete to exit, and the athlete can continue with the race;
  - (iii) The penalised athlete's number will be removed from the white board.
- k.) Time penalties for relay teams on either the bike or the run may be served by any relay team member who has not yet completed their leg of the relay.

### **3.3. Disqualification:**

#### **a.) General:**

### **3.4. Suspension:**

#### **a.) General:**

- (i) Suspension is a penalty appropriate for fraudulent or very severe rule violation, or repeated dangerous or unsportsmanlike conduct;
- (ii) A suspended athlete will not take part in CISM competitions or competitions sanctioned by NFs affiliated with CISM during a suspension period.

#### **b.) Assessment:**

###### Elite, Junior and Youth Athletes

Swim Length	Forbidden	Mandatory Below	Maximum Stay in Water
Up to 1500 m	20° and above	14°	30 min
1501 m and longer	22° and above	16°	1h15 min

##### 4.3. Modifications

- a.) The swim distance can be shortened or even cancelled according to this table:

Original swim distance	Temperature of water				
	Above 32 ° c	31.9 °C – 31.0 ° C	30.9 °C – 16.0 °C	15.9°C – 15.0°C	Below 13.0°C
750 m	Cancel	750 m	750 m	750 m	Cancel
1500 m	Cancel	1500 m	1500 m	750 m	Cancel

Note: The temperatures above are not always the water temperature used in the final decision. If the air temperature is lower than the water temperature, used in the final decision. If the water temperature is lower than 22 ° C and the air temperature is lower than 15 ° C, then adjusted value is to decrease the measured water temperature according to the next chart.

		<b>Air temperature</b>						
		<b>15°C</b>	<b>14°C</b>	<b>13°C</b>	<b>12°C</b>	<b>11°C</b>	<b>10°C</b>	<b>9°C</b>
<b>Water temperature</b>	<b>22°C</b>	21.0°	20.5°C	20.0°C	19.5°C	19.0°C	18.5°C	18.0°C
	<b>21°C</b>	20.5°C	20.0°C	19.5°C	19.0°C	18.5°C	18.0°C	17.5°C
	<b>20°C</b>	17.5°C	17.0°C	16.5°C	16.0°C	15.5°C	15.0°C	14.5°C
	<b>19°C</b>	17.0°C	16.5°C	16.0°C	15.5°C	15.0°C	14.5°C	14.0°C
	<b>18°C</b>	16.5°C	16.0°C	15.5°C	15.0°C	14.5°C	14°C	13.5°C
	<b>17°C</b>	16°C	15.5°C	15.0°C	14.5°C	14.0°C	13.5°C	Cancel

- b.) If other weather conditions dictate, i.e., high winds, heavy rain, changing temperature, current, etc. the Technical and Medical Delegates may adapt limits on the swim length or provisions about the wetsuit use. The final decision will be made one hour before the start and will be clearly communicated to the athletes by the Technical Delegate.
- c.) For aquathlon events, if the water temperature is below 22° C the event will be modified to a Swim-Run event.
- d.) Water temperature must be taken one (1) hour prior to the start of the event on race day. It must be taken at the middle of the course and in two other areas on the swim course, at a depth of 60 cm. The lowest measured temperature will be considered as the official water temperature.
- e.) Athletes must wear their CISM approved uniform for non-wetsuit swims. If athletes choose to wear a second suit, it must be worn underneath the official uniform and cannot be removed during the entire competition.

#### **4.4. Starting Position Selection:**

- a.) At the General Assembly the PCSC and the delegate of the HN will conduct the official starting position draw.
- b.) The teams will go directly to the selected box and stay in there until the start.
- c.) Start-line Technical Officials note each athlete's race number.

#### **4.5. Start Procedure:**

- a.) After all athletes are in position (confirmed and noted by the Start-line Technical Officials) "On your marks!" is announced and the athletes step forward to the start-line (without stepping on it).
- b.) Any time after the announcement, the start signal will be given, by blasting a horn and the athletes will move forward towards the first turn buoy (triathlon).
- c.) The following Technical Officials are involved in the start procedure with equipments:
  - (i) Two Start Technical Officials are standing beside each other in the middle of the start area behind the athletes;
    - (a) The first Start Technical Official is responsible for announcing "On your marks";
    - (b) The second Start Technical Official is responsible for giving the start signal;
  - (ii) Two False Start Technical Officials stand on both sides of the start area to have a clear view of the start;
    - (a) An air horn is used to provide a false start signal (several short horn blasts);
    - (b) A photo/video camera is used to identify early starts;
- d.) False Start: In case of a false start (several athletes move forward before the start horn) the athletes must come back to their previously selected position. This will be controlled by the Start-line Technical Officials and the start procedure will begin again.
- e.) Early Start: In the case of an early start of a few athletes, the race can continue, the False Start Technical Officials can decide the start valid. The early starters will receive a 15 seconds Stop and Go time penalty in Transition 1.
- f.) The same procedure will apply for the start of any other Multisport event starting with running with adaptations from swim start to run start.
- g.) Only the first competitor from each mixed relay team lines up at the start of the mixed relay team event. The remaining three team members are required to be checked in and waiting in the exchange zone area.
