- for the organizing country: obligation to give first aid and to take care of the hospital. The Organizing Committee can practice non-invasive medicine.
- for the guest nation: obligation to take out insurance for all the care that can be given to the persons in the delegation.

The Organizing Committee is not responsible for post-injury medical follow-up, nor any medical or psychological consequences resulting from the injury.

The Missions must have the appropriate insurance to cover travel, accidents and health risks as they are not under the responsibility of the Organizing Committee nor CISM.

### 14. SECURITY MEASURES

All participating delegations and national staff will be registered and will receive the appropriate credentials to access the venues, lodgings and all sites that they require. The use of accreditation will provide the necessary control and security measures ensuring the smooth flow of personnel while restricting access of non-authorized persons, providing a safe environment for all.

### 15. PLASTIC BAN IN TANZANIA

The new law banning plastic bags came into force on June 1, 2019. The ban applies to all types of plastic bags, regardless of their thickness (including cling film or plastic wrap) and implies fines. The ban does not apply to medicines, items in plastic packaging that preserves their quality and zippered bags for hygiene kits or documents (on condition that they are not thrown away on the territory of Tanzania).

To avoid problems when crossing the Tanzanian border, we ask that you check your luggage for plastic bags and do not wrap anything in plastic wrap. The same applies to hand luggage. It is advisable to pack your belongings in paper or cloth bags. Alternatively, you can use waterproof nylon bags to protect your luggage from moisture.

### 16. PRIVATE TOURISM
