28 per Delegation

In strict compliance with applicable CISM Regulations (Chapter VII, art: 7.21), I, the undersigned Chief of Delegation, hereby officially confirm that all athletes representing my nation in the CISM event are on active duty in my nation's Armed Forces. I understand that sanctions may be imposed against my nation, my mission, my team, individual athletes, or myself for violation of this provision (CISM Regulations Chapter I, Art: 1.12).

SIGNATURE OF CHIEF OF DELEGATION_____
RANK/NAME

- 1.1. As part of its campaign to promote Fair Play, CISM regularly holds a Fair Play contest during its championships, based on an appraisal of the teams' conduct by CISM authorities such as the OCR, members of the CSCF and Match Officials.
- 1.2. The objective of Fair Play activities is to foster a sporting spirit among players, team officials and spectators, thereby heightening the fans' enjoyment of the game.
- 1.3. At the final whistle of each game, the delegates shall complete the appropriate Fair Play form after consulting the Match Officials.
- 1.4. Every match in the Championship shall be taken into account.
- 1.5. The CSCF shall compile and publish the classification at the end of the final competition. Its decision is final.
- 1.6. CISM will award the team that wins the fair play contest. A Fair Play Trophy will be presented to the winner.

2.1. The assessment form contains six criteria by which the teams' Fair Play performance shall be judged, stressing the positive aspects rather than negative. As a general rule, maximum points shall only be awarded if the team concerned displays a positive attitude.

2.2. Red and yellow cards shall be deducted from a maximum of 10 points:

- first yellow card: minus 1 point
- second yellow/indirect red card: minus 3 points
- direct red card: minus 3 points
- yellow card & direct red card: minus 4 points

Red and yellow cards are the only criteria entailing minus points.

- tactics that rely on rough play;
- play-acting;

- time-wasting etc.
- c) As a general rule, positive play is correlated with the number of scoring chances created and the number of goals scored.

2.4. Respect towards the opponent

Minimum 1 point

Maximum 5 points

Players are expected to respect the Regulations of the Championship and opponents, etc.

When assessing the players' behaviour towards the opponents, duplication of the judgment for red and yellow cards should be avoided. However, the delegate may take into account the seriousness of the offences punished by cards as well as those overlooked by the referee.

Assessment shall be based on positive attitudes (e.g. helping an injured opponent) rather than on infringements. Behaviour that is basically faultless but does not outwardly show any particularly positive attitude or gesture towards opponents shall be given a mark of 4 rather than 5.

2.5. Respect towards the referee/match officials

Minimum 1 point

Maximum 5 points

Players are expected to respect the match officials and the decisions they take. A positive attitude towards the referee, including acceptance of decisions without protest, shall be rewarded. Behaviour that is basically faultless but does not outwardly show any particularly positive attitude or gesture towards the match officials shall be given a mark of 4 rather than 5.

2.6. Behavior of the team officials

Minimum 1 point

Maximum 5 points

Coaches and other team officials are expected to encourage the sporting, technical, tactical and ethical standards of their team and to direct the players to behave in accordance with the principles of fair play.

Both positive and negative factors in the behaviour of the team officials shall be included in the assessment, such as for instance whether they calm down angry players or how they accept the referee's decisions. Inciting or provoking players shall be rated negatively.

Cooperation with the media shall also be a factor in the assessment. Behaviour that is faultless but does not outwardly show any particularly positive attitude or gesture shall be given a mark of 4 rather than 5.

2.7. Behavior of the crowd

Minimum 1 point

Maximum 5 points

The crowd is considered to be an integral part of a football match. Fans can contribute to the positive atmosphere of a match by encouraging their team by cheering and singing, etc. in the spirit of fair play.

Annex 5/3

Spectators are, however, expected to respect the opponents and the referee. They should appreciate the opponents' performance regardless of the result and in no way intimidate or frighten opponents, the referee or the opponents' supporters.

The maximum number of points (5) may only be awarded if all these requirements have been satisfied, especially as regards creating a positive atmosphere.

This criterion is applicable only if a substantial number of fans of the team concerned are present. If the number of fans is negligible, "n.a." (not applicable) shall be entered under this item.

3. Final Assessment

3.1. The final assessment of a team is obtained as follows:

The points awarded are added together, e.g. for team A:

$$8 + 7 + 3 + 4 + 5 + 4 = 31$$

The overall assessment of a team during the championship shall be calculated by adding the points attained at each match.

3.2. In addition to making the assessment, the authorities for Fair Play may give a short oral account of the teams' Fair Play performance to explain the positive and negative factors, which form the basis of their assessment. The account may also point out any outstanding gestures of Fair Play from a player, official, referee or any other person. However, no additional points shall be awarded for this reason.
