2b. FINAL AGREEMENT – Chief of Mission commitment

NATION :

The undersigned, Chief of Mission, declares to have read and accepted the CISM Regulations and moreover understood the following prescriptions.

1. RIGHTS OF MEMBER NATIONS – ARTICLE 1.10

Active member nations have the right to be invited to be invited to all CISM Events.

Inactive Member Nations have the same rights as active Member Nations except that they do not participate in any CISM event until they have met their financial obligations.

An inactive nation, intending to take part in the event must pay its annual fee before the deadline established by the Local Organising Committee of the event for the submission of the Final Agreement. If this is not done, then the delegation will not be able to send a mission to participate in the said event.

2. PARTICIPATION – MILITARY STATUS – ARTICLE 7.22

Only military personnel on Active Duty in the Armed Forces for the purpose of participating in a CISM Event. In the case of intermittent military service, the athletes recalled may not take part in CISM competitions, under any circumstances, if more than 18 months have elapsed between this recall and the end of their last call to arms except for Para-Sport.

- Veteran soldiers who have left the Armed Forces, wounded or injured whilst on active duty may be included as part of a Mission and participate in a CISM event with a Para-Sport component;
- Exceptions to the above may be authorised by the General Assembly upon recommendation by the Board of Directors;
- All military participants must be in possession of appropriate documentation that justifies their position in service of the Armed Forces of the nation they represent. This may take the form of, but not limited to:
 - A valid military identity card for those athletes who are authorised to present their military identity cards abroad ;
 - A form of verification (in English and/or in French) attesting to their military status accompanied by a passport;
 - A written attestation certifying that the Veteran was wounded or injured on active duty signed by the Chief of Delegation.

In signing the Final Agreement the Chief of Mission confirms the military status of participating personnel. In the case of a last minute change, a verification file may be signed by the Chief of Mission pending a letter of confirmation by the Chief of Delegation. Should these documents prove to be unavailable, participation will be refused.

An athlete who has represented one country in a CISM Event, the Olympic Games or any competition at World, Continental or Regional level recognised by the relevant International Federation and who has changed their nationality or acquired a new one may participate in CISM Events representing their new nation provided that at least two (2) years have passed since they represented their former country.

International Military Sports Council

54th World Military Basketball Championship – 27/06-05/07 2026, Bourges

3. CHIEF OF MISSION – ARTICLE 7.32

The Chief of Mission must be familiar with CISM Regulations.

Missions must not only participate or be present at the sporting events, they are also required to participate in commemorative and cultural events organised by the Local Organising Committee.

The Chief of Mission is responsible for the conduct of his team in sport and general discipline. They must ensure that the members of their mission respect the rules and guidelines issued by the organisers of the championship. Compliance with schedules is particularly important because they form the basis for the smooth running of competitions and ceremonies.

The Chief of Mission must also ensure that the rules concerning behaviour and dress during ceremonies are respected. They play an important role in promoting the spirit of military sport among their mission, a spirit represented by a friendly attitude towards other missions, courtesy towards the organisers and fair play in competition.

4. ABSENCE OF A MISSION WITHOUT NOTIFICATION – ARTICLE 8.6

Should a Mission who has submitted a Preliminary and/ or Final Agreement be absent without notifying the Host Nation in time, a sanction may be imposed as per CISM Regulations Art.1.12).

5. RULES OF STAY – ARTICLE 8.17

5.1. General Framework

The Chiefs of Mission are responsible for the discipline of their mission. Missions fall under the jurisdiction of the organising nation. During the events, all athletes present are equal before the jury, the referees and towards themselves. No one may use their rank to impose their views on sporting matters. The civilian members of the missions must comply with discipline accepted by all other participants.

Participants will be equipped with their national military tracksuit throughout their stay and in particular during the awards ceremonies. The display of the national flag on the podium by the recipient (athlete, staff or team) during a medal ceremony is prohibited. Persons who do not respect these requirements will not receive their medal(s) during the official ceremonies.

5.2. Prohibited actions

Any political or religious propaganda during the event, including the distribution of documents, photos, brochures, magazines, etc. is strictly prohibited. Any violation may result in the exclusion of the mission from the entire competition (CISM Regulations Art.1.12).

5.3. Accommodation – Article 8.19

Accommodations for missions will be the best available, depending on possibilities at the disposal of organisers and based on categories of guests with reference to CISM Regulations Art.8.19.C. All Chiefs of Mission are considered as officers and shall be treated as such with equal courtesy, regardless of rank. In case a Host Nation allows alternative accommodation, this must be mentioned in the Invitation File, Missions that choose to stay in hotels at their own expense must inform the Local Organising Committee (LOC) in advance in the Preliminary Agreement and Final Agreement. The LOC will have no obligation to provide extra logistical, financial, or transportation support for these missions and the missions still have to fulfil all their mandatory tasks.

All missions, including those of the Host Nation, shall be accommodated under the same conditions. However, the Host Nation can provide the possibility to choose another accommodation at own expenses. When this possibility is mentioned in the Invitation File, Missions can choose not to accept the accommodations provided by the LOC and opt for alternative accommodation.
