4. Regulations (1)

WHERE ?

- Write «cism parachuting» to find Regulations on Google;
- Login on CISM website not necessary to download our Regulations.

The screenshot shows the CISM website interface. The browser address bar displays the URL 'milsport.one/sports/cism-disciplines-world-level-sport/parachuting', which is circled in red. The website header includes the CISM logo and navigation links: NEWS, CISM, SPORTS, CISM GAMES, ETHICS AND INTEGRITY, ACADEMIC, CISM CALENDARS, PARTNERS, and PUBLICATIONS & DOWNLOADS. The main content area is divided into three columns. The first column, titled 'PCSC PARACHUTING', features a profile of Captain Tamás Bánszki, including his photo, name, title, nationality (HUN), and a 'CONTACT ME' button. The second column, titled 'CISM REGULATIONS', contains a document icon, the text 'CISM PARACHUTING REGULATIONS 2026', and a 'DOWNLOAD' button, which is circled in red. A red arrow points from the 'WHERE ?' text to this button. The third column, titled 'DOWNLOAD', shows a download icon and a section for 'FAI INTERNATIONAL SKI COMI'. At the bottom, there are links for 'History- CISM Medal Table all WMPC' and 'History - CISM statistics - all WMPC'.

WHEN ?

Now: ... *COMMING SOON IN THE BRIEFING* ...

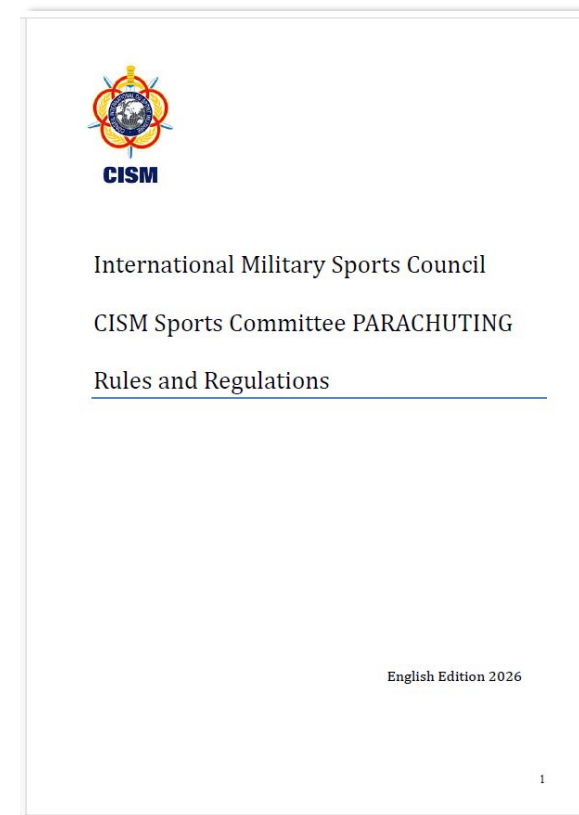

4. Regulations (3)

NEW LAYOUT:

- **Need:** - To bring all the regulations to a single layout;
- **Effects:** - Slowdown in publication;
- A lot of problems with paragraphing and some 'corrections';
- New version 2027 ASAP.

4. Regulations (4)

NEW RULES: → **blue line on the right margin** (FROM THE 2025 EDITION)

Remarks:

All substantive changes from the previous edition are indicated by a blue line in the right margin of the relevant paragraph, as illustrated here in the margin: → → → → → →

Corrections of typographical, grammatical, or editorial errors intended solely to improve clarity are not marked with a blue line, as they do not constitute substantive changes to the rules.

~~These Regulations apply equally to all genders. Unless expressly stated otherwise, references to one gender shall be deemed to include all genders.~~

REMARK:

Sometimes we find typos or sentences that are not clear, so we correct them.

In these cases there is no blue line because nothing in the rule has been changed.

4. Regulations (5)

How to change CISM Parachuting Regulation ?

- Submit the proposal to a CSC Member or to PCSC;
- write down what you want to change and why, using the same format as ISC:

Proposals for changes to ISC documents shall be as word documents in the following format:

Unchanged original text is written in black letters as in the current version of the text.

~~Text that is to be replaced or deleted is printed in red letters with a strikethrough.~~

New text replacing the old text is printed in blue letters.

Any required comments and explanations are printed in green letters.

4. Regulations (6)

- At the moment no works on going for substantial changes in our Regulations (maybe only small corrections for typos in the last edition);
- We have had a trip among the Team (Me and Kamal);
- Please refer to me directly for typos and not clear sentences;
- If anyone wants to propose any changes, please write as soon as possible, because making changes in the rules has become more complex.

4. Regulations (7)

Concluding...

*One more time my thanks to the other CSC Members, all more expert than me,
that always help me in this task ...*

*... and this time my special thanks to Caner Turkes (TUR) and Karen Morrison (USA)
that, with a meticulous work, have brought to my attention many critical issues
in the last edition of our rules.*
