BERLIN, 17 Dec 2015

Dear CISM Parachuting experts and judges,

This 2<sup>nd</sup> 2015 CPC info letter is to inform you about CISM Parachuting news and the plan for 2016/17.

## **1) CISM Website**

The official CISM website is offline at the moment, there is a temporary interim solution with the most important information (calendar, invitation files): <http://www.milsport.one/>

- password for the download part is unchanged and can be requested from me
- invitation file for 40<sup>th</sup> WMPC is there, parachuting regulations and judges list should be uploaded soon.

In order to give all of you the access to main paperwork which had already been online before the website went down, there will be several attachments to this letter.

## **2) 39<sup>th</sup> World Military Parachuting Championships and 6<sup>th</sup> MWG in Korea Rep.**

The 39<sup>th</sup> WMPC was conducted as planned inside 6<sup>th</sup> MWG and I want to use this opportunity to thank our Korean hosts for the great hospitality we all could experience in Pohang, Yeongcheon and Mungyeong.

There were again some few participating nations who did not respect the entry deadlines or who did withdraw at very late stage. Please be aware that registration deadlines are set in connection with logistical preparation and every last minute change can cause problems both for the host and the participants.

Pohang provided excellent competition venues inside 1<sup>st</sup> Marine Division and four CISM world records were broken. The result lists, medal tally and the updated record list are attached to this letter (annex 1-3)

## **3) CPC composition and CISM parachuting regulations**

At open meeting in Pohang on 8<sup>th</sup> Oct the CPC members and tasks were introduced. The contact list is attached as annex 4 to this letter. Please contact me or the continental responsible CPC member if you have any CISM activity in your country or if you have any question about CISM parachuting.

The 2016 CISM parachuting regulations were prepared in Pohang and two smaller changes were added afterwards based on proposals from nations.

The list of changes are included in the CPC presentation (annex 5) and the additional changes which are synchronised with IPC S&A committee, are the exit altitude in Team Accuracy (1000m) and the increased period after landing when a rejump is offered after wind above the limit and direction error (15sec)

**New** (see regulations 3.3.1): A total of 2 Juniors (male and/or female) can be added to the mission in addition to the male and female team.

Unchanged: All Juniors will be ranked in junior classification (also those who are in the team) and also all juniors are ranked in in the general classification.

The 2016 parachuting regulations are attached in annex 6.

## **4) 40<sup>th</sup> World Military Parachuting Championship (WMPC) 2016 – Moscow- Kubinka/ Russia**

40<sup>th</sup> WMPC 2016 slides were presented at the open CPC meeting in Pohang and a copy is attached to this letter (annex 7) the final draft of the invitation file is ready for download at

[http://www.milsport.one/wp-content/uploads/2015/12/Invitation-File-40th-WMPC-2016\\_final-draft\\_25112015.pdf](http://www.milsport.one/wp-content/uploads/2015/12/Invitation-File-40th-WMPC-2016_final-draft_25112015.pdf)

The official invitation file for 40<sup>th</sup> WMPC will be available at <http://www.milsport.one> in calendar section

The usual cism password may be needed (available on request)

### **Schedule 40<sup>th</sup> WMPC 2016:**

17 July Arrival day

18 July Official Training Day, Preliminary Meeting (evening)

19 -27 July Competition days

28 July Reserve competition day (only for minimum rounds or tie-break jumps) Closing Ceremony

29 July Departure Day

The Preliminary Entry is due 1<sup>st</sup> April 2016 and has to include the name of a valid FAI or CISM parachuting judge. "No judge-no team" rule applies and no entry without a judge will be accepted.

## **5) Other CISM activities**

2015:

A CISM regional tournament in accuracy landing was held in in Poznan/ Poland with good attendance but unfortunately due to bad weather no conclusion.

A CISM regional tournament in formation skydiving was held successfully in Locarno/ Switzerland

## 2016:

CISM Accuracy Landing Tournament (on invitation) 30 June- 03 July 2016 Zuerich Switzerland

## 6) CISM judges

The updated CISM judges list is enclosed (annex 8)

During 40<sup>th</sup> WMPC in Kubinka a CISM a beginner seminar will be organized with limited number of participants. Details can be found in the invitation file chapter 2.16

## 7) Future WMPCs

41<sup>st</sup> WMPC is planned to be held in Warendorf/Germany 10-21<sup>st</sup> July 2017.

The long term planning for WMPCs (5 years in advance) is still a goal, so as we will have 7<sup>th</sup> MWG in Wuhan/China in 2019 there is 2018 open for candidature of possible hosts.

Please note that a WMPC organizer who did not host a WMPC before, needs to organize a smaller scale championship (tournament-continental CISM) prior to getting approval for hosting a WMPC.

## 8) WAG Dubai

The World Air Games were successfully concluded on 12<sup>th</sup> Dec 2015. We can see several CISM competitors on top placings, namely in Accuracy landing and Formation Skydiving, but maybe also in other disciplines?

Please do not forget to report the achievements of military athletes during civilian championships to your own CISM delegation.

CISM Secretary General, Col Dorah Mamby Koita was present at WAG and has awarded a CISM order of merit to our long term CPC member Mohammed Yousuf who was also the WAG. Deputy Director. Congratulations!

## Seasons greetings

I wish all members of CISM parachuting family Merry Christmas and a Happy New Year and I am looking forward to seeing most of you next July in Kubinka.

Annexes:

- 1) 39th WMPC result lists
- 2) 39th WMPC medal tally
- 3) CISM record list after 39th WMPC
- 4) CSC members after 39th WMPC
- 5) Open CPC meeting presentation during 39th WMPC
