9. In case of equal number of victories

In case of a tie. FIVB Event regulations book 2017

FIVB Rule 8.3.1 Number of points gained = If two (2) or more teams have the same number of victories (match won, match lost), they will be classified in descending order by the points gained by each team per match as follows:

Match won 3-0; 3-1 3 points

Match won 3-2 2 points

Match lost 2-3 1 point

Match lost 0-3; 1-3 0 point

Match forfeited 0 points (25-0;25-0;25-0)

FIVB Rule 8.3.2 Set quotient = If two (2) or more teams are tied on the number of points gained, they will be classified in descending order by the quotient resulting from the division of the number of all sets won by the number of all sets lost.

FIVB Rule 8.3.3 Points quotient = If the tie still persists based on the set quotient (see Article 8.3.2), the teams will be classified in descending order by the quotient resulting from the division of all points scored by the total of points lost during all sets.

FIVB Rule 8.3.4 If the tie continues to persist based on the point quotient (see Article 8.3.3), the priority will be given to the team which won the last match between them. When the tie in point quotient is between three or more teams, a new classification of these teams under the terms of Articles 8.3.1, 8.3.2 and 8.3.3 will be made taking into consideration only the matches involving the teams in question.
